- ∞ We will review Lindsey’s Extended Aldicarb SUUM (please fit in to your schedule after you receive this invite unless you have started already—Thanks!): [Link to SUUM and supporting documents.](#)
- ∞ Chemical Meetings for the next couple of weeks and your preparation plans for those: inc. Huddles, please
- ∞ Mancozeb PCT and EBDC Average Rates documents Follow-up: holding finalization until hearing back this week from HED
- ∞ SLUA Related: Let’s discuss referring to “CalPUR” acronyms to *CDPR* (this was brought up on one of the recent SLUAs—just want to be sure everyone knows and is on-board with the change)
- ∞ ESA SUUM questions or concerns inc. Imidicloprid (Briana’s)
- ∞ Finalization (as pdfs) of not only the ESA Extended SUUMs but the DRA SUUMs (now “officially” called: **Summary Use and Usage Matrix or Matrixes**) before these are sent in the e-deliverable packages (let’s talk more since it will save some time on the back end when it comes to the public docket posting of BEAD deliverables). Which means “SIAB” now permanently becomes “Summary”☺
- ∞ Process Improvements one of our meeting: *1) Cynthia mentioned meeting with the customers before we deliver PLUS reports 2) HED customers needing to know if PPE statements are indeed on the registered labels for a given ai*—looks like we are nearly completed on that front just need to work on the process internally . Any others? Remember this from Claire (I believe Lindsey made the link for us but I might be off on that?) : [PLUS Process Improvement](#)
